

# Quality Management Policy

- ***MILTECH* is committed to being an effective, efficient & competitive organization by focusing on...**

identifying, planning and meeting customer satisfaction requirements.

producing product to customer specified requirements in the most cost effective, safe and value-added conscious manner.

striving for improvement in quality, delivery, cost and profitability.  
promoting customer satisfaction stewardship with our employees.

compliance to relevant and subscribed governing laws, regulations, technical specification requirements and defined management system processes
