To Whom It May Concern:

Dear Sir or Madam:

For the past three years, I have had contact with Miltech Industries, Inc. because they build Prototype wire harnesses for us. In that time I have gained confidence on their quality levels and ability to meet the dead lines that we give them. They make efforts to accommodate our needs and give us a good service. They have also done a good job on keeping us posted of their capabilities and concerns.

Sincerely,

Alexandro Ortiz
